

BISLY HUB 2 – 10.1” CONTROL PANEL

Part No: 1500002

The Bisly Hub 2 is a 10.1” smart control panel designed for easy installation and seamless integration into the Bisly building automation platform. It provides a complete control suite for lighting, HVAC, access, metering, plant room control, and security, making it the central point for managing modern buildings.

With PoE for both Ethernet connectivity and power supply, the Hub 2 ensures simple setup, reliable operation, and a user-friendly interface for residential, commercial, and other projects.

Device Specifications

Device OS	Android 14
Display	<ul style="list-style-type: none"> • Screen size – 10.1 inch TFT LCD IPS • Resolution – 1200 × 1920 FHD • Brightness – 250 cd/m² • Contrast Ratio – 1000:1 • View Angle – 85° • Touch Panel – Capacitive 5-point multi-touch • Proximity detection – yes (sensor)
Power	<ul style="list-style-type: none"> • Connection – PoE 802.3af (RJ45 Ethernet) • Consumption – 12.5 W max
Firmware update	Over-The-Air Update capability
Ambient operating temperature	+5 ... 40 °C
Humidity	max. 80% r.H. (non condensing)

Product Characteristics

Mounting type	Bracket attached to an EU junction box (62 mm diameter)
Colour, finish	Black, matte
Flammability of casing	Fire retardant according to UL94 V0

Weight & Dimensions

Weight	450 g
Product dimensions	243 × 152 × 10 mm (screen)

Certifications & Standards

Environmental protection class	IP40
Markings	CE, RoHS, WEEE
Directive compliance	LVD, EMC, RoHS, WEEE

Devices must be installed and used in accordance with local regulations and Bisly installation guidelines. Incorrect installation may void warranty and cause malfunction.

Technical specifications are subject to change without prior notice as part of Bisly's continuous product development.
